

Construction Update SO BURLINGTON I-89 Culverts – week of July 3, 2017

Hello,

Placement of sections of the concrete culvert into the ground began at one of the culvert sites on the I-89 Northbound lanes between Exits 12 and 13 Northbound in So Burlington. Next week the contractor will continue placing sections of the concrete culvert underground at both culvert locations.

The contractor will not work during the holiday weekend, July 1-4. Work will resume Wednesday, July 5.

For the safety of workers and motorists, the speed limit has been reduced to 55 m.p.h. for the duration of the project. Vermont State Police will step up enforcement to encourage motorists to slow down so our crew can work in a safe construction zone.

To learn more about the project see: www.i89sbgculverts.vtransprojects.vermont.gov

PLEASE DRIVE WITH CAUTION THROUGH THE WORK ZONE AND “HANDS FREE” IF USING A CELL PHONE.
